Subject: VMRC #2023-2059 ZEBRA VENTURES LLC fill (Loudoun/NPN NJ)

Good afternoon,

We are in receipt of your application requesting authorization to impact nontidal wetlands and a nonjurisdictional stream for the construction of eight (8) data centers adjacent to Shellhorn Road in Loudoun County.

Your proposal is located outside of the jurisdictional areas of the VMRC. Therefore, no authorization is required from this agency. For your information you may need authorization from your locality, the Department of Environmental Quality, and/or the U. S. Army Corps of Engineers prior to commencing your project. Your application has been forwarded to these agencies.

If you have any questions, feel free to contact me.

Best,

Claire
